

Attention

Have you heard of the SOL? Curious to try it out? The SOL is a brand-new Sunfish look alike with a bigger more comfortable cockpit, big enough for two adults. The Luffing Lassies have been using one for a training boat and now the Dinghy Dames will be too. Imagine the possibilities - an experienced sailor can go out with a less experienced person to coach sail trim, tacking, jibing, etc. Two people could go out on a windy day and keep the boat flat. Or you could sail it yourself with a beer in the built-in cup holder! The hull and rig are exactly the same as a Sunfish.

Come learn more about it and try it out, brought to you by FWSA and SERO Innovations, the designer and distributor of the SOL. Five boats will be available to test out and race.

Times and locations below. Please RSVP to reserve a spot.

Schedule of Events

Tuesday Oct 3, 8:45am-1pm — DIYC

(Please send a message by **September 26** to Pam.treloar@gmail.com if you plan to attend this session and are interested in staying for lunch.)

Thursday Oct 5, 8:45am -1:30pm — SSS

(Please contact Rosemary McMullen at rosemarymcmullen2316@gmail.com if you plan to attend. Bring your own lunch.)

Saturday Oct 7, 11pm- 5pm – DIYC Sunfish Saturday

**Erin Steller, Marketing and Operations for Sero Innovations is coordinating the event with FWSA and local clubs and has offered to bring Sunfish parts, particularly spars (they are costly to ship and can be brought down for this event at no charge) Anyone needing spars, can email Erin at esteller@seroinnovation.com by the end of September.
